## Seminar

# Predicting and Monitoring COVID-19 contagion

Franco Peracchi

GeorgeTown University, EIEF and University of Rome Tor Vergata

Paolo Giudici

University of Pavia with Centre for European Policy Studies

**Abstract.** The two talks will present econometric and statistical methods aimed at estimating, monitoring and predicting the evolution of the contagion curve of the COVID-19. The methodology will be exemplified for the countries most hit: United States, Spain, Italy, France, Germany and China.

To facilitate open discussion, each talk will last 20 minutes, followed by 10 minutes discussion and possible further discussion at the end.

**Material.** Draft papers of the talks available at:

<http://www.eief.it/eief/index.php/covid-19-forum>
